- VERY RARE

Additional Information

The all-new Princess deep-V resin-infused hull of the V55 not only provides a smoother, more efficient ride but also creates more space below deck, with design features making use of every remote corner. Complementing this, there are two powerful Volvo D13 engines which deliver up to 2,000mhp with a top speed of up to 37 knots, ensuring a thrilling ride whatever the weather. The cockpit connects to the main saloon via a cleverly concealed drop-down sliding patio door, seamlessly integrating both living areas. Plus, with the electric opening sunroof over the main deck, you can truly open yourself up to the elements.
